Safeguard Anti-Ligature Mirror

90013WH White Frame

90013BL Blue Frame

Washroom mirror specifically designed to help reduce the potential for self harm.

Product Image:

Product Description:

- Mirror housed in a metal frame specifically designed to ensure no sharp corners of edges
- Mirror is highly polished stainless steel
- If needed the mirror can be replaced
- Contemporary angular design reduces the potential to attach a ligature for the purposes of self-harm
- Available in Blue and White
- Manufactured from high grade stainless steel for robustness and durability
- Finished with an attractive power coated surface

IMPORTANT:

The anti-ligature design features of this product do not replace or substitute the need for the necessary supervision of those who may be at risk, or for other protective measures to be taken in the specific circumstances of usage.

Dudley Industries Ltd does not claim any product to totally prevent ligatures being attached or make claims that they cannot be damaged by intent through vandalism. It is therefore the customer's responsibility to ensure the suitability of the product for the environment in which they are to be fitted, that they are installed according to the instructions and that the necessary supervision is in place.
